

# Heavy Duty KH Series Self-Lubricating Keeper Blocks

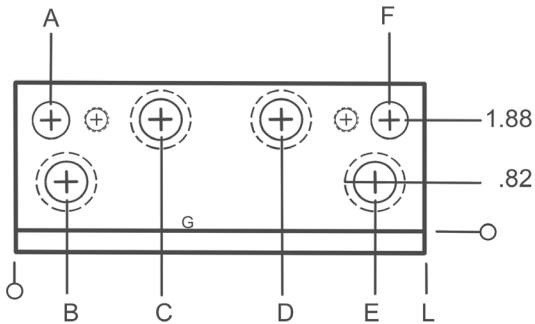

## Product Features

These heavy duty Keeper blocks are manufactured from hardened steel with oil-impregnated graphite plugs covering 25% of the wear surface. The Keepers are supplied with mounting holes for 5/8" S.H.C.S. All blocks are marked with the part number for ease of identification.

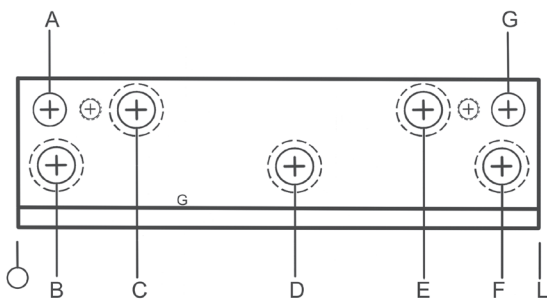

### FOR 4.0" TO 6.0" LENGTHS

### FOR 8.0" LENGTHS

### FOR 10.0" LENGTHS

Part Number	Length L (in)	H (in)	J (in)	K (in)
