STAINLESS STEEL VALVES

With good corrosion resistance character, it is widely used in water treatment ,pharmacy, building, industry equipments etc. It is strategic goods under high technology.

● Design requirements of stainless steel valves

Valve kinds	Pressure	Marking	Connection way	Body material	Shape
Ball valve	800	SRV	Thread	SCS 13A	1pc
		SRVM		SCS 14A	1pc
		SRVMB		SCS 14A	Butterfly handle
		SFVM		SCS 14A	2pc
	10K	10SFV	JIS 10K RF flange	SCS 13	Antistatic design
Gate valve	10K	SGAV	Thread(JIS B0203)	SCS 13A	Female thread
Globe valve	10K	SGLV	Thread(JIS B0203)	SCS 13A	Female thread
Check valve	10K	SWCV	Thread(JIS B0203)	SCS 13A	Female thread
