## Universal Electrical Plier (for bare terminals/for P.B sleeves)

**Features** • Crimping of bare crimp terminals, stripping of insulated wires, and cutting of cables can be done only with this tool.  
 • Cutting of machine screw or bolts is also possible.  
 • Outstanding sharpness with the polished-finishing blade part.  
 • The unique double-molded is adopted for a grip, and it reduces burden at work.  
**Use** • For wiring of machines, automobiles, or electronic tools, crimping works of various crimp terminals, or cutting of small bolts.  
**Origin** • Taiwan
